AIP-TY02-ID

The IPOD Auxiliary input adapter is designed to interface the audio outputs from devices such as XM radio receivers, DVD players, digital music players, IPOds, games and etc directly to Toyota factory audio systems. The IPOD Auxiliary input has two AUX input ports : 3.5mm Stereo Jack and 8 Pin Mini Din.

Back of Toyota Car Radio

Toyota Cable Harness

- Plug the IPOD Auxiliary Input into your car stereo changer port (usually located behind the radio)
- For IPOD user, connect IPOD with Auxiliary Input via 8 pin Mini Din to Dock cable, once the unit is installed just power on the car radio and IPOD, IPOD Press CD button then you can enjoy the IPOD Music, keeps IPOD charged and ready to go
- For other Auxiliary device such as PSP, MD, MP3, Notebook etc, Connect it with Stereo Jack, then power on radio and Press CD button
